Paralyzed Veterans Receive a Grant for the National Veterans Wheelchair Games

Denver, Colorado — The Paralyzed Veterans of America Mountain States Chapter (MSCPVA) is pleased to announce that the organization was recently rewarded a \$5,000 grant from The Colorado Trust Directed Contributions Program at the request of Mr. John L. Samuelson, Vice President.

The grant will specifically support the 2010 National Veterans Wheelchair Games (NVWG) in Denver. The NVWG is a multi-event sports and rehabilitation program for military service veterans who use wheelchairs for sports competition due to spinal cord injuries, amputations, or certain neurological diseases. Attracting more than 500 athletes each year, the NVWG is the largest annual wheelchair sports event in the world.

Over July 4-9, 2010, MSCPVA and the VA Eastern Colorado Health Care System will host the 30th Annual games, which will include 17 events over six days. The Games are an exciting combination of competition, camaraderie, and courage. You'll be inspired.

The Colorado Trust is a long-time supporter of MSCPVA. This grant for the 2010 NVWG shows their continued support and dedication to paralyzed veterans in this area.

“We are excited to expand our relationship with The Colorado Trust to the 2010 games,” said Mr. Jordan Schupbach, Development Director for MSCPVA. “It’s great to have them join us as one of the first sponsors of this extraordinary event coming to Denver.”
