## **Paralyzed Veterans Receive Adolph Coors Foundation Grant**

Denver, Colorado — The Paralyzed Veterans of America Mountain States Chapter (MSCPVA) is pleased to announce that the Adolph Coors Foundation Board of Trustees recently awarded the organization with a \$15,000 grant. MSCPVA was rewarded for its mission of assisting the men and women who selflessly served our country and are now affected with spinal cord injury or disease (SCI/D).

The grant will provide MSCPVA with the necessary funds to expand programs focused on helping newly injured veterans, enhance current sport and recreation rehabilitation programs, and elevate community awareness of the needs and obstacles for veterans and all people with disabilities. Specifically, the grant will provide assistance with educating and reengaging veterans affected by SCI/D and pair them with PVA national service officers who will file claims and help expedite the veteran benefits process.

Through the assistance of dedicated supporters, such as the Adolph Coors Foundation, MSCPVA is able to carry out its broad mission and its veteran membership will benefit greatly from this generous grant.
